

## Code status questionnaire:

Please complete this questionnaire by selecting the appropriate answer for each question. Then include this file in the code that you send to your customers.

### Import/export features:

Load a PPM file implementation: Y/N - YES

Script command to load a PPM file: Y/N- YES

Load PPM file from GUI: Y/N- YES

Load a PNG/JPG file implementation: Y/N- YES

Script command to load a PNG/JPG file: Y/N- YES

Load PNG/JPG file from GUI: Y/N- YES

Save a PPM file implementation: Y/N- YES

Script command to save a PPM file: Y/N- YES

Save PPM file from GUI: Y/N- YES

Save a PNG/JPG file implementation: Y/N- YES

Script command to save a PNG/JPG file: Y/N- YES

Save PNG/JPG file from GUI: Y/N- YES

### Image manipulations:

Visualize various image components implementation: Y/N- YES

Script commands to load various image components: Y/N- YES

Visualize various image components from GUI: Y/N- YES

Flip an image horizontally implementation: Y/N- YES

Script command to flip an image horizontally: Y/N- YES

Flip an image horizontally from GUI: Y/N- YES

Flip an image vertically implementation: Y/N- YES

Script command to flip an image vertically: Y/N- YES

Flip an image vertically from GUI: Y/N- YES

Brighten/darken image implementation: Y/N- YES

Script command to bright/darken image: Y/N- YES

Blur an image implementation: Y/N- YES

Script command to blur an image: Y/N- YES

Blur an image from GUI: Y/N- YES

Sharpen an image implementation: Y/N- YES

Script command to sharpen an image: Y/N- YES

Sharpen an image from GUI: Y/N- YES

Sepia implementation: Y/N- YES  
Script command for sepia: Y/N- YES  
Sepia from GUI: Y/N- YES

Compression implementation: Y/N- YES  
Script command for Compression: Y/N- YES  
Compression from GUI: Y/N- YES

Histogram visualization from GUI: Y/N- YES

Levels-adjust implementation: Y/N- YES  
Script command for levels adjustment: Y/N- YES  
Levels-adjust from GUI: Y/N- YES

Color correction implementation: Y/N- YES  
Script command for Color correction: Y/N- YES  
Color correction from GUI: Y/N- YES

Split preview implementation: Y/N- YES  
Split preview in GUI: Y/N- YES

Program:

Program runs by running main? Y/N- YES  
Program runs correctly using -file option? Y/N- YES  
Program runs correctly using -text option? Y/N- YES  
Program runs correctly (opens GUI) with no command-line options? Y/N- YES
